BARRACKS STARTED FOR FOURTH COMPANY

JOBS READY TODAY FOR ALL UNEMPLOYED

150 MEN ARE WORKING ON PARK HIWAY

Every Unemployed Man Is Asked to Register for Job

PROJECTS NAMED

Gohmert Requests That Trucks be Sent Here From Amarillo

One hundred and fifty men will be put to work on the highway to the Palo Duro today, according to a statement yesterday by H. S. Strain in charge of the Randall County Relief offices. About half of these men have been on the RFC rolls, and the others have been enrolled under the President's Civil Works program.

Every man in Randall county who is not employed may register under the new national re-employment service.

County administrators were urged to have projects ready to give every unemployed man a job for the next three months. The Randall County Relief Committee designated the Palo Duro road as being the most important in the county. Work on the cemetery and other road projects will follow if there are more men than needed for the Palo Duro project.

"It will be possible for the men to make $45.50 per month under the new plan," stated Mr. Strain, yesterday. "The maximum per month is 130 hours, and the pay is 35 cents per hour."

Lawrence Westbrook advised the county committees of Texas to have their projects ready and the men enrolled so that they could start work today.

The local projects were approved Tuesday by district managers, who advised that all unemployed men in the county be put to work without delay. Physical examinations are required of all men who are employed under the present plan.

Paving the road from Amarillo to the Palisades is one of the projects set up by Potter county. The Commissioners Court of Randall county has offered assistance in planning this project owing to the fact that the road is entirely in Randall county and will serve many citizens of this county. It is proposed to put several hundred Amarillo men to work on this project.

The need of more trucks to haul caliche on the Palo Duro road is the most urgent need, stated Engineer E. H. Gohmert. He has had only nine trucks this week whereas he needs at least 20 more. An appeal is being made to the highway department at Amarillo to send more trucks to this job as it seems impossible to get them in Randall county.

County relief headquarters has received a car of wheat from the government to be used for stock and chicken feed for those who need assistance. Another shipment of 800 pounds of pork is expected at once. The first shipment consisted of 600 pounds.

Reports yesterday was to the effect that a canning plant would be established in Amarillo, purpose of which was to buy and can cattle. The government will distribute canned meat to those on the RFC rolls this winter rather than give fresh meat.

TARWATER VISITS HERE

Hon. A. B. Tarwater of Plainview stopped in Canyon Wednesday afternoon for a short time to visit with friends. Mr. Tarwater is serving his third term in the Texas House of Representatives and is one of the best known members of the House. He has been a great friend of W. T. and all West Texas institutions.

Among those who attended the Pampa-Amarillo game at Pampa Saturday were Louis Shirley, Henry Sears, Hosea Foster, J. C. Line and Roy Cheatham.

Park Celebration Is Planned for Nov. 26

State Parks Board Now In Charge of All Work

Control of work being done in the Texas parks was taken over Sunday by the Texas Parks Board, D. E. Colp, chairman. This work has been in charge of Lawrence Westbrook since the work was started in June. Under a ruling from the attorney general, the transfer was made in the management of park construction, starting this week.

S. O. Miller, superintendent at the Palo Duro State Park, received a telegram Sunday morning from Mr. Westbrook notifying him of the change. He was later advised from the office of Mr. Colp to continue work along the lines as previously outlined until further notice came.

T. E. Johnson, chairman, and Clyde W. Warwick, secretary, of the Panhandle Committee, communicated with Mr. Colp urging that he make a personal inspection of the Palo Duro project as soon as possible. Mr. Colp has indicated that the Palo Duro is one of the most important projects in the state, and it is expected that he will give his personal attention to the work here.

Mr. Miller states that the steam shovel was repaired Sunday, and is at work this week. He hopes to have the road into the canyon finished by Nov. 26, and believes that a monster celebration will be possible at that time. Members of the State Parks Board and other state officials will be invited to attend the opening of the road into the Palo Duro.

Plans have not been received for the permanent improvements at the Park, but now that the management has been definitely placed with the Parks Board, Mr. Miller hopes to soon receive the plans. Stone is being cut for the lodge, which will be the largest building at the Park.

Presbyterian Pastor

REV. CHAS. L. DICKEY

Rev. Chas. L. Dickey came yesterday with his family from Mesquite to begin his pastorate at the local Presbyterian Church.

All churches in Mesquite joined in the last services held at Mesquite Sunday night by Rev. Dickey, who closed his fourth year in that town.

Rev. Dickey will preach at the local Presbyterian Church next Sunday in beginning his work here.

HAND BADLY CUT

When attempting to crank his car Friday evening, E. H. Porter's hand was caught on the license plate, cutting deep under his thumb. The tendon and artery were severed. It is believed that it will be fully 60 days before Mr. Porter will be able to use his hand.

Mr. and Mrs. John W. Cooper and son of McLean visited in the parental C. O. Cooper home here Sunday.

Legion Plans For Christmas Cheer

FARLEY AND MANTELL TO BRING SHOW

Flying Dutchman Circus Donated to Legion Dec. 4

CHRISTMAS TREE

Funds Will Be Raised To Provide Cheer in County

The Palo Duro Post will put on the Flying Dutchman Circus on the night of Monday, December 4th. The Circus is under the direction of Cal Farley and Dutch Mantell of Amarillo, both well known sportsmen, wrestlers and showmen. The local Post is putting on the Circus for charity. The troop of 25 people will come from Amarillo to put on the Circus free of charge, and all proceeds will go to the local Post to be used for Christmas charity.

Mr. Farley has notified the local Post that admission prices should be held low in order that all of the people of the community would be able to attend. The Circus consists of wrestling, boxing, singing, dancing and magic. All of the numbers of the program are clearly for entertainment, rather than of scientific nature as would be expected in matched bouts. Those who have heard Cal Farley broadcast football games recognize his ability to keep the audience well entertained on a program.

Dutch Mantell is one of the outstanding clowns of the mat. He knows the art of keeping the crowd in an uproar, even in his matched events, but is perfectly at home in providing clever entertainment for a crowd.

Legion members are anxious for a very large attendance as plans are being made to provide a Christmas tree for the poor of the community, together with other Christmas entertainment. Announcement of the Christmas feature will be made in a few days.

Wheat Allotment Figures Are Given

Rev. Foote Leaves; Quattlebaum Sent to Local Church

Rev. J. O. Quattlebaum will arrive today to become pastor of the local Methodist Church. He comes from Borger and will succeed Rev. C. W. Foote, who goes to the Slaton Methodist Church.

"Rev. Quattlebaum is an excellent preacher, and a man who will fit into the program of the local church," stated Rev. Foote, Monday, upon his return from the annual conference at Clarendon. The move for both pastors is considered a promotion. A large number of changes were made in the conference. It was not indicated last week that Rev. Foote would be moved until the changes were being arranged by the Bishop at conference.

Rev. and Mrs. Quattlebaum and three daughters arrived yesterday. He will preach his first sermon next Sunday morning at the local church. He was a member of this conference for 13 years, and served his last charge at Canadian. He was transferred to Rockwall and later to California where he preached for three years before returning to Borger two years ago.

The following was the list of appointments for the Amarillo District: Rev. L. N. Lipscomb, presiding elder; Amarillo, Buchanan Street, J. S. Huckabee; Polk Street, J. T. McClure; San Jacinto, R. N. Huckabee; Tenth Street, W. W. Riley; Adrian-Wildorado, J. Paul Morgan; Borger, A. B. English; Borger-Phillips, U. R. Burnett; Bovina-Oklahoma Lane, Ansil Lynn; Canyon, J. O. Quattlebaum; Canadian, J. B. McReynolds; Claude, John H. Crow; Dimmitt, Alfred Freeman; Dimmitt Circuit, R. C. Armstrong, supply; Friona, H. L. Thurston; Groom, U. S. Sherill; Hereford, T. C. Willett; Miami, Joe E. Boyd; Panhandle, C. G. Armstrong; Vega, Marvin Boyd; White Deer, A. D. Jameson; General Evangelist, F. M. Neal.

Committee Reducing 3% to Come Within Total

The final Government figures on the Wheat Allotment for Randall County were received late Saturday and the Allotment committee has been busy all week adjusting the county figures of wheat acreage downward to meet the allotment. A downward adjustment of about 3% was necessary to bring the figures in line. This was much less than some thought would be necessary. However, the local committees had gone over the different communities pretty thoroughly and to them is due the credit for the fact that the last cut in acreage is a very small one.

The farmers of the county were unanimous in the request for the average yield under the plan "D" as adopted by the board of directors. Ten days time was given in which to file proof of yield for an exception to the average plan. None was filed, thus proving that the farmers of the county are in accord and are co-operating with each other in trying to overcome the three year old depression that has held the farmers of this section in a mighty grip for so long that a little ready money is really needed without delay.

The average yield that will be used under this plan for Randall County will be about 9.5 bushels per acre. Fifty four per cent of this amount or about 5.1 per acre is known as the allotment on which the payment will be paid. It is estimated that about $1.35 net per acre of a farmer's approved base acreage will be the amount that will be paid the first year. This amount is on the 1933 crop. The payments for 1934 and for 1935 will be announced each year by the Secretary of Agriculture some time during the summer.

Mr. and Mrs. C. C. Stidham attended the game in Amarillo Saturday.

BARRACKS ARE OCCUPIED BY PARK WORKERS

Fourth Company Will Arrive Here About Dec. 1st.

CABE IS SUPT.

Rapid Progress in Construction Seen at Park

Construction has started by C. Shuman on barracks for the fourth company at the Palo Duro State Park. Major J. A. Watson received orders Monday afternoon to proceed with barracks to house the fourth company, which will be moved here about the first of December.

E. W. Cabe was made superintendent of construction at the camp last Thursday. He named Roy Rogers as foreman of the crew over which he was foreman, and W. B. Cooper of Amarillo as foreman of the crew building the recreation hall.

When orders were received for the fourth company, Mr. Cabe and Mr. Shuman worked all Monday night preparing estimates of materials for the nine new buildings which are required for the fourth company. The Burrow Lumber Company will furnish the lumber and Thompson Hardware Company will furnish the builders hardware.

Included in the plans for the new company is a large water tank, which will not only supply water for the new company, but will also increase the storage for the other three companies.

The new company was authorized several weeks ago, but nothing definite was received about its coming until Major Watson received orders Monday to erect the necessary buildings. The location is west of Company 1824.

Practically all of the men at the camp have moved into the barracks. More than 100 carpenters rushed the construction work last week owing to the bad weather, but the force was reduced Friday afternoon when most of the buildings had been enclosed.

Materials are on the ground for the completion of all barracks and the recreation hall. It is expected that these buildings will be practically completed by the end of this week.

The tented city will disappear as soon as all men are moved into the barracks. The men were highly elated when they were able to move into the new quarters which protects them from the wind, dampness, cold and dust. The carload of stoves were distributed among the companies, insuring comfort for the men when another norther hits.

Added to the comfort of the men is the promise of electric lights at the camp in the near future. A large shipment of electric globes has been received. It is not yet known whether a plant will be built at the camp, or a line built from the high line north of the Kuhlman place.

HUNTING SEASON OPENS; TELEPHONE TROUBLE RISE

Due to the fact that considerable trouble was experienced on long distance circuits of the Southwestern Bell Telephone company during the opening of the dove season in September, the company is asking the co-operation of the public in preventing trouble of this nature during the duck season.

"Shooting at birds sitting on the wires or shooting through the wires is certain to cause breaks in same, either at the time or later," stated an official of the company. "Since it is necessary to send men from five to 100 miles to clear trouble on long distance circuits, the resulting lost time is a serious detriment to the public's telephone service."

STORK SPECIAL

A daughter was born to Mr. and Mrs. Felix Neff Friday morning, Nov. 10.

Mr. and Mrs. Gordon McCarty went to Pampa Saturday to attend the Pampa-Amarillo game and to visit Mrs. McCarty's relatives.

$200 Reward Posted on Killing Two Deer

Two Men Are Seen in the Park Monday are Being Tracked

Two deer were killed in the Palo Duro Park Monday afternoon according to workmen at the Park. Two men were seen through field glasses to be carrying the deer out of the canyon on the east side.

John Graves, assistant superintendent of the Park, has offered a reward of $25 for the arrest and conviction of the guilty men.

Gene Howe, Tactless Texan of the Amarillo News-Globe, has offered $100 reward.

Bob Ames of Amarillo added $25 to the reward yesterday.

$200.

T. C. Thompson and Clyde W. Warwick have added $25 each for the arrest and conviction of the men, increasing the total reward to $175.

Mrs. Hal C. Peck, member of the State Game Fish and Oyster Commission, sent Hugh Small, game warden, to Canyon Tuesday to make a complete investigation, and attempt to follow the men. A very accurate description of the men was obtained from the men at the camp who saw them through the glasses.

Buck Harris, chief game warden of the Panhandle, spent yesterday with Small on the case. He hopes to find ahe two men before the end of the week.

"Canyon people should do everything possible to protect the deer," stated T. C. Thompson. "The government is building a wonderful park, and is stocking it with deer. Citizens should assist in protecting the game and lend every assistance to the punishment of those who kill any of the game," continued Mr. Thompson.

Chamber Commerce Banquet at High School, Nov. 27

The annual Chamber of Commerce banquet, with election of officers for the coming year, will be held on Monday night, Nov. 27 at the high school gymnasium. The home economics department will serve the banquet.

The arrangements committee is composed of Fred E. Wortham, J. W. Kleinschmidt, Carl Laughery, J. Roy Moses and Dr. M. L. Saddoris.

Tickets will be put on sale this week. All those desiring tickets should buy them on or before Friday, Nov. 24.

Old Clothes to Be Used Olympic Matinee Thursday

The annual Red Cross matinee with admission by used clothing will be held next Thursday, Nov. 23, at the Olympic Theatre.

Any articles of clothing will admit the bearer to the matinee. The clothing will be given to the Red Cross for distribution.

Mr. and Mrs. Lige Frieze were guests of Mr. and Mrs. Ed Pinney in Floydada Saturday and Sunday.

Mr. and Mrs. Clyde Davis spent the week end in Lorenzo with Mr. and Mrs. Cecil Hagood.

Red Cross Annual Roll Call Is On

Result of Wirst Day's Work is Satisfactory Says Warren

"The first day of the Red Cross Roll Call was very satisfactory," stated W. A. Warren Tuesday night.

Committees met at the court house in the afternoon, and were directed to the various sections of the city and county where the citizens were asked to join the Red Cross for the coming year. Several committees reported to Mr. Warren, chairman of the Roll Call, Tuesday evening, and others will report as soon as their work is completed.

While the Roll Call continues until Thanksgiving, Mr. Warren has urged his committees to complete the work as soon as possible.

"There is no quota for Randall county, but the suggestion was made that the Roll Call should bring in approximately $450," stated Mr. Warren. A large part of this money would remain in Randall county for relief work during the winter months.

Wheat Contracts To Be Ready Very Soon

Fifteen More Deer Brought To Palo Duro State Park

Representatives of the Texas Game, Fish and Oyster Department were in Canyon Thursday with a truck load of deer which were released in the Palo Duro State Park. There were 15 young females in the truck load.

This makes the second time that deer have been placed in the Palo Duro. Three of those brought here two years ago were found dead soon after they were released. Those working the Canyon state that deer are often seen.

All of the Palo Duro Canyon is in the game preserve, and a heavy penalty attached if the deer are killed.

FORMER CITIZEN DIES

Mrs. W. C. Baird received a telegram yesterday that her cousin, Mrs. Eppie Sowder, had died at her home in Lubbock. The Sowder family lived in Canyon until 1909 when they moved to Lubbock.

Mrs. Sowder taught in the Canyon public schools, and was interested in many activities in the city.

Mr. and Mrs. O. J. Laas and daughter of Plainview visited in the parental Harvey Cash home Saturday and Sunday.

Farmers Will come To Court House To Sign

Wheat Allotment Contracts will be signed in Canyon for the entire county instead of at the school houses as was previously planned. This action was taken by the Allotment Committee in order to save expense and time in getting the contracts in shape to go to Washington. It is thought that the contracts will be ready to sign this coming week. The exact day for each community will be given in a circular letter to be mailed to all applicants in a few days. All applicants are asked to come to the Court House on the day set for their particular community as only the contracts for that community will be available on that day. The co-operation of every grower is needed to get the matter closed up and the contracts ready for payment.

The County Allotment Committee wishes to call attention to certain requirements of the Government regarding signatures on Wheat Allotment Contracts.

Where two or more persons are named, either as tenant or landlord, the signature of each person is required.

Partnership designations such as "Jones & Johnson" are not sufficient in contracts. Contracting parties must each sign in full.

PANHANDLE MEMBER 1933 PRESS ASSOCIATION

Canyon was the only town on the Plains which sought to close up for Armistice Day. Some of the business houses decided at the last minute that it was foolish to drive business out of town on Saturday, so stayed open and enjoyed good business. In the future all business men should get together early in the week and decide upon some course of action if a holiday is involved. Saturday is a very poor day for closing to be observed, especially with towns all around remaining wide open and making an appeal for business.

There will be only 20 shopping days between Thanksgiving and Christmas. Folks have formed the habit of waiting until after Thanksgiving to get started even thinking about Christmas shopping. This year the time will be short. Business men should take advantage of the short time by planning an intensive advertising campaign. The people should read carefully the advertising and take advantage of the shopping opportunities which are offered.

Randall county wheat growers should feel grateful to the allotment committee for holding the cost of the wheat campaign to a very low figure. It is believed that the cost in Randall county of administration will not exceed 1 cent per bushel. In some counties the cost runs as high as 5 cents per bushel. The Randall county committee has made rapid progress so that the farmers will secure their cash much sooner than most of the counties of Northwest Texas.

Four years have passed since this country went into a nose dive, and the devastation of the depression started. Every few months some one has predicted that the depression was over, and things on the upgrade. It has been only since President Roosevelt took charge that any one was really trying to cure the situation. He is going to succeed. If not in the way he has started, it will be by another route.

Every good movement started by President Roosevelt is immediately tied down by governmental red tape by those in charge of administration. It was announced by the President that unemployed men would be put back to work today on local projects. Evidently the President meant just what he said, but along comes red tape from the governmental departments, and no one knows just what will be done.

The Republican leaders have finally regained their breath after the jolt last November, and are busily throwing brick-bats at the head of the President. Having failed to make any attempt at curing the depression, the Republican leaders are now afraid that Roosevelt will succeed. That would be a terrible blow to the grand old party.

European nations, as well as Japan, are incensed because the United States will likely recognize Russia. National jealousy as it exists in Europe cannot be fully understood in America. This nation has always been fortunate in its neighbors, and the friendly feeling which exists between the nations on this side of the oceans.

It is not too early to call attention of the citizens that next year is election year in Texas, and that only those who are armed with a poll tax receipt will have a voice in the government. It will be a wise thing to go and get your poll tax receipt the first time you have $1.75.

England is going to make a small payment on her war debt. The rest of the nations are figuring how much they can get from Uncle Sam in case of another war.

Out of every dollar in taxes paid by the railroads, 14 cents goes to build highways which are used without cost by their competitors. Is it right?

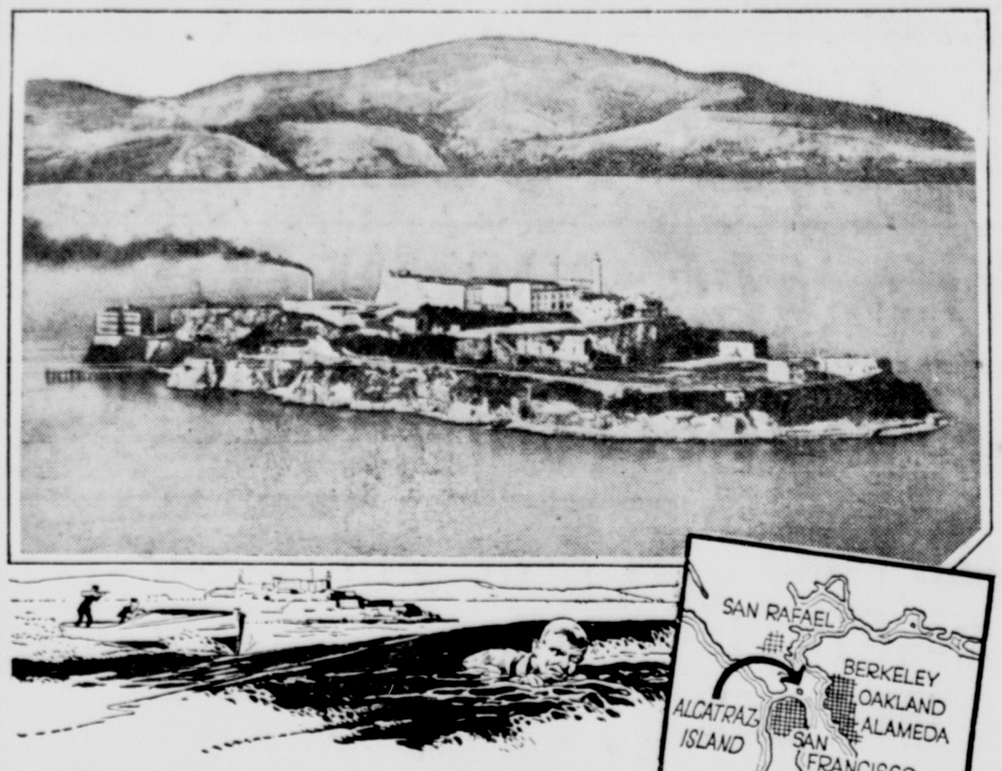
Alcatraz, U. S. 'Devil's Isle,' May Solve Prison Unrest Problem



Some prisoners have drowned, others have been captured before they reached the mainland, and those who have escaped from Alcatraz Island, shown above, can be counted on the fingers of one hand. Uncle Sam intends to lodge his future "bad men" there. The map shows the island's location.

THE government's plan to jail America's most vicious and intractable criminals on Alcatraz Island will, Attorney General Homer Cummings believes, bring to an end the recent epidemic of prison riots and jail breaks.

It is desperate men of the Harvey Bailey and "Machine Gun" Kelly stripe who foment prison unrest. Segregation of such trouble-breeders in a place of confinement apart from large centers of population will, in Cummings' opinion, ease the worries of jail wardens all over the country.

* * *

ALCATRAZ, America's "Devil's Isle," has an almost unblemished record for "holding its man." In all the grim history of this 12-acre rock jutting up from San Francisco Bay, the prisoners who have escaped can be counted on the fingers of one hand. Many convicts, attempting escape, have braved the mile stretch of swirling currents separating Alcatraz from the mainland. Some have drowned; others have been picked up by pursuers in boats and returned to their cells.

Once the island was a Spanish fort, but in 1858 the United States converted it into a military base. In 1868, it was made a disciplinary barracks. If they could speak, its harsh gray walls might tell many a tale of brutal "discipline," of torture and suffering.

Shortly after the World War, a furore arose over alleged inhuman treatment of "conscientious objectors," and of soldiers jailed for wartime misdeeds.

The commandant admitted that unusually stern measures had been employed, but defended them on the grounds that they had been justified. There followed an investigation, a few changes, and then a resumption of the normal routine.

* * *

ALCATRAZ is a forbidding place, and it has a dark reputation, but nevertheless it frequently has been pointed to as a "model" prison. Separate cells, in buildings strikingly clean, can accommodate 600 inmates. Large windows admit sunlight and fresh ocean breezes.

And the prisoners can keep busy. In the buildings are furniture, printing, woodworking, tailoring, upholstering, shoemaking and other manufacturing equipment. For their leisure moments, there is an extensive library, motion pictures and a large yard in which prisoners can exercise.

After removal of convicts to the island bastile, the Department of Justice will await anxiously the answer to two questions. Will Alcatraz hold these men as securely as it has its military prisoners? And will the placing apart of dangerous public enemies bring to a close the modern era of prison unrest?

Men's Chorus To Take Trip

Will Sing With Other Clubs In Big Concert

On May 5 and 5, 1934, the Men's Chorus of W. T. will sing in a state contest for men's choruses and glee clubs at Fort Worth. The contest is sponsored by Mosleh Shrine Temple.

Besides entering the contest, the Men's Chorus of W. T. will sing with other clubs entered in a massed concert. The Club will probably present programs at other places on the trip also.

Personnel Given

Those members of the Men's Chorus who sing first tenor are as follows: Broughton Hardin, Lex Alexander, Horace Hickox, R. L. Newton, Ray McEntire, Glenn Reeve, and Charles Wisdom.

Those singing second tenor are: Guy Richards, Reavis Kerr, and Holland McMurray.

First bass singers: Woolworth Russell, Gardner Sanderson, Charles Reeves, M. D. Shepherd, and J. C. Baker.

Second bass singers: Lorin Doolin, Ray Crowder, Prentiss Windsor, Whitman Fish, Bill Pitman, and M. E. Cleavinger.

Interest shown in the Men's Chorus is very keen, and work is progressing very satisfactorily, according to Professor Wallace R. Clark, head of the music department of W. T.

Congressman John Stephens makes a strong appeal for the establishment of the Palo Duro National Park at a meeting of the Red River Improvement Association held at Dennison. Strong resolutions were adopted favoring the Park were passed in order that Congressman Stephens might take them to Washington for the opening session of Congress.

The largest prairie fire in several years swept over the south part of the county. It started near Hereford, spreading from 6 to 10 miles wide, and extending about 20 miles in length.

J. R. Bowman, state representative from Amarillo, proposed the introduction of bills in the next session of the legislature to establish a state normal and an experiment station on the Plains The need of a state college was explained by him at length.

The Canyon Sash and Door Co. announced that it will move to Amarillo and take the name of Amarillo Sash and Door Co. C. R. Burrow, manager, will remain in Canyon to devote all of his time to the Canyon Lumber Co.

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Resent a substitute. 25c at drug stores. © 1931 C. M. Co.

WHAT DOES SHE SEE?

Mr. Merchant:

If you were to call a photographer and ask him to take a picture of your show windows, the first thing that he would do would be to see that the windows were properly lighted. He would tell you that exposed lights blur a picture and that if the light was not strong enough the picture would not register on the film. If the lighting was not correct, he would refuse to take the picture.

Window shoppers are persons who go about taking pictures with their eyes. Eyes are very clever little cameras but they are possessed of the same characteristics as the ordinary camera. Glare blurs their pictures and if they attempt to take a picture without sufficient light they do not truly register even though they strain their powers to the utmost.

Like the photographer . . . the window shoppers refuse to take a picture under adverse conditions. She will take her pictures where the light is right. You can supply the proper lighting for only a few dollars each month. You will find it worth the money.

BRONCOES TRAMPLE BUFFS IN SPEEDY GAME SATURDAY

Cadets Make First Tally Early in Second Period

Avenging their tie game of last year, the New Mexico Military Institute Broncos ran and passed to stampede the West Texas Buffaloes to a 26-9 defeat.

The fast, side-stepping backs from New Mexico trotted behind a superb forward wall to gain 342 yards from scrimmage and 15 first downs to 25 yards and 1 first down for the Buffs.

Early in the second period the Cadets made their first tally on a concerted rush of plunges from midfield. Daigle, fleet back, did the dirty work. In the same period Daigle was smothered behind his own goal line for a safety.

Hill Is Fleet

A few plays later Hill, another snappy Sunshine State product, scampered 65 yards for a score after shaking a hefty hip through most of the Maroon squad. In two more minutes Hill had taken the ball on the Buff's 15 and trotted over for another tally.

After an exchange of punts early in the third period, Morgan grabbed a punt and wormed his way through the whole Cadet Corps to score. The Buffs really exhibited some fine blocking for this play. Daigle made 34 yards in two plays after the Broncos had taken the ball in Buffalo territory by virtue of Duncan's fumble of a punt, and then Hill made the remaining four yards for their last tally on a double reverse.

Game Is Thriller

The remainder of the game was a thriller from the fans' viewpoint. Although no scoring was done, several long and spectacular runs were made. At the end of the third period Dinelli galloped 70 yards through the Buff team only to be overtaken and downed on the Buff 10 by the lean and lanky end, Stowe. The rest of the game featured a futile attempt by the Herd to even the score by passes, and though Duncan snagged one for 17 yards, the Cadets held tight and did not let the Bison squad threaten their goal.

IN THE WORLD OF SPORTS

Coach, Player Friction, Depression—Which Is Correct Answer to Universal Question, "What's Wrong at Notre Dame?"

BY PHILIP MARTIN

WHAT'S wrong at Notre Dame?

Everyone seems to be asking that question, and while Mr. Martin's son, Philip, doesn't essay an answer to the question, we'll give you a few replies gathered after a recent trip to South Bend to watch the Irish lose to Pitt.

One section of the drug store coaches' association at Notre Dame seems to think that Hunk Anderson's pen is much more powerful than his sword. They think a little piece he wrote for the papers recently just about ruined his chances of winning any games this season.

* * *

THAT piece was to the effect that he didn't have a quarterback on the squad who knew what it was all about. The natural reaction of the quarterbacks to this piece, the drug store coaches point out, is for them to go about their job leading the team with little regard for spirit or team play. If this is true, you can see what the consequences would be.

The pool room coaches' association has another view. They report that this year's Irish regulars are lording it over the junior members of the firm, standing around and telling the underclassmen just how good they (the regulars) are and that if it weren't for them, the Irish would not be as good (or bad) as they are.

This doesn't go so hot with sophomore members of the squad, which is also likely to cut down on the quality of team play, it is pointed out.

* * *

A MORE logical view of the situation is taken by a group of Notre Dame alumni. This is that, due to the depression, high school stars are picking schools near their homes and not wandering from afar to join the ranks of Notre Dame, which, in former years, could promise them nothing more than a suit of football togs and a spot to warm on the third team's bench.

At top, action picture from the Pitt-Notre Dame game, showing O'Dell of Pitt crashing through for a six-yard gain. Above is the late Knute Rockne and, at the right, Coach "Hunk" Anderson.

Joe Savoldi, former Notre Dame grid great and now professional wrestler, sums up the situation with the following statement

"After Rockne's death, ambitious high school and prep school stars, who would not have hesitated to enroll at Notre Dame just to play under its glamorous leader, turned to other colleges and universities. Not having its usual wealth of material, Notre Dame is experiencing a lean year.

"Just as soon as the Irish experience a fairly successful season, the spotlight again will be turned in their direction and they again will be able to select their elevens from the cream of the country's leading young players."

We hope, for Hunk Anderson's sake, that the remainder of the season will be successful.

New Mayor of New York

Jubilant over his victory is Fiorello La Guardia, above, newly elected mayor of New York City. In one of the most bitterly contested elections ever held in New York, La Guardia defeated Joseph V. McKee, Recovery Party candidate, and the Tammany choice, Mayor John P. O'Brien. La Guardia was the leader of the Fusion slate.

"This is GAS AND OIL MONEY —BELIEVE IT OR NOT!"

Sally: "Really? Tell me about it, Helen." Helen: "Well, as I use the car most of the time these days and actually buy the oil and gas, Dick thought it a good plan to turn the car budget over to me entirely." Sally: "How does that give you extra money?" Helen: "I have more time than Dick and have learned some surprising things about the cost of car operation. Dick thought all gas and oil sold at approximately the same price were of equal value. When the motor broke down, he considered it just hard luck and paid the repair bill." Sally: "Isn't it?" Helen: "No! It is poor motor protection. More than half the entire motor wear occurs during the few minutes of starting when the motor is cold. Only one brand of oil—Conoco Germ Processed Motor Oil—penetrates the metal so that a portion of it, nearly a quart, stays up in your motor, greatly reducing the wear. So checking back on

repair bills that were paid before I changed to Conoco, we've saved a lot of money this last year." Sally: "What about gasoline?" Helen: "To me that choice depended on quick starting —Dick used to choke the car until he was wild. It wasted so much gasoline in cold weather—ran the battery down and the nerves, too. With Conoco Bronze, the motor starts at the first turn and has power galore—goes further on each gallon and is anti-knock also. So you see how I did it?" Sally: "I certainly do, Helen—and I think you're a very clever girl!"

Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart" stays up in your motor and never drains away.

Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled.

Kryl Band to Play Twice at College on Next Saturday

For the first time in its history the town of Canyon will have an opportunity to hear, at home, one of the world's most famous bands when Kryl's Concert Band comes Saturday as a part of the college lyceum course.

Bohumir Kryl, for many years one of the most famous of cornetists will appear as a soloist. With him will be his daughter, Marie Kryl, a concert pianist of national fame in her own right, and Anna Fitzu, soprano, and Beatrice Griffith, harpist, all of whom will appear as soloists on both the afternoon and evening programs.

The afternoon program begins at 3:30 o'clock and the evening program at 8:15. The public is invited and urged to avail themselves of the chance to hear a great musical organization. The very low prices of fifty and thirty-five cents for the matinee and one dollar and fifty cents for adults and children respectively, will prevail.

Many people from surrounding towns have made arrangements to attend the two concerts.

W. T. Freshmen Whip Wayland in Second Game 45-0

For the second time this season, W. T. Freshmen ran over the light Wayland College team Tuesday afternoon at Buffalo Stadium. The score Tuesday was 45 to 0.

In a previous game, the Frosh won 26-0.

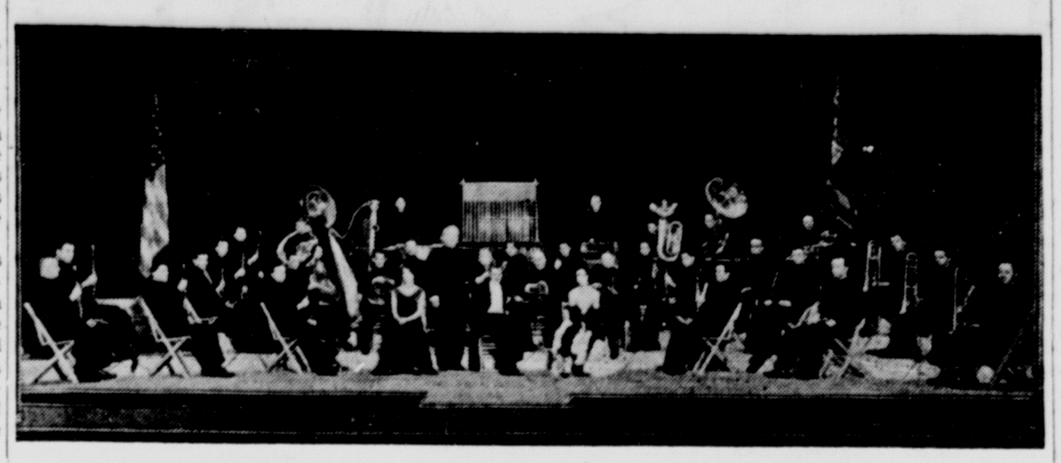
VISITED MUSEUM

Many people took advantage of the perfect weather Tuesday to come to visit the Panhandle-Plains Historical Society Museum.

Among these were five members of the Arno Art Club of Amarillo, who enjoyed an interpretation of the exhibit which now hangs in the Mary E. Hudspeth Art Room. Miss Isabelle Robinson of the art department showed them the pictures. These visitors were Mrs. C. W. Seibel, Mrs. M. E. Bewdle, Mrs. J. H. Ferguson, Mrs. Geo. Parr, and Mrs. S. F. Rose.

Mrs. H. H. Huford of Cleveland, Ohio, Clyde and G. E. Curry and J. M. Chest of Hollis, Okla., and J. G. Jackson of Topeka, Kansas, were among the out of state people who spent the afternoon in the Museum.

TO APPEAR IN TWO PROGRAMS HERE SATURDAY



BOHUMIR KRYL AND HIS SYMPHONIC BAND

Bohumir Kryl, internationally known cornetist and band conductor, who will direct his band in two performances here Saturday, November 18. Soloists with him are Marie Kryl, his daughter, and Anna Fitzu, Metropolitan Opera star, both of whom are artists in their own right.

Amarillo Priest Talks on Church and The State

Father Francis M. Kaminsky of Amarillo spoke Tuesday at the Rotary Club luncheon on the Church and the State. He prefaced his remarks with the statement that no one should question the ability of the American government to withstand the present crisis. This government was equal to the adversities through which it passes.

The visiting priest was introduced by Doug Shirley, chairman of the Fellowship committee.

"The church and the state are the only two organizations to which the people are looking for help," stated the speaker. Both came from God, and both have distinctive fields. The state is constituted by the human demand for protection; as an answer of authority which all humans must recognize. The church is a direct gift from God through Christ.

Both the church and the state have functions to perform, fundamentally neither has changed in its function, although the subjects of both have changed as the years pass and conditions change. The church has a spiritual mission, which must be respected by the state; the state has a material mission, which is respected by the church. Neither should trespass upon the rights of the other, but should respect each other, and function together.

Father and son day was recognized, with practically all of the Rotarians bringing their sons to the luncheon.

F. A. Zimpfer and Clarence Eakle of Amarillo were visitors.

Umbarger Items

Miss Katherine Frank, who recently resumed her maiden name, and daughter, who were living in San Diego, Calif., returned last week to Umbarger where they will make their home.

Ernest Frank from Adrain visited with friends and relatives in Umbarger Sunday.

Mr. and Mrs. Paul Artho, Mr. and Mrs. E. J. Evers and family, Mr. and Mrs. Charles Beckman and family, were business callers in Amarillo this week.

Mr. and Mrs. W. P. Janson and Mr. and Mrs. Joe Beckman were visitors in the home of Mr. and Mrs. Chas. Beckman and family Sunday.

Mr. and Mrs. Conrad Westhoff and daughter were visitors in the Louis Wieck home Sunday.

Joe Friemel and M. Hollenstein were business callers in Canyon Monday.

Mrs. Otto Podzemny and sons and daughter were business callers in Canyon Monday.

John and Edward Wieck spent Sunday with Sylvester and Leonard Batenhorst.

Chili Powder Is Cause of Fight in City's Mexico

Chili powder comes high these days.

That's the opinion of three residents of Canyon's little Mexico, following a spirited outbreak of last Friday night, when the Sheriff's department received a riot call.

Frank Goflorez, Santaigo Gonzales and C. S. Ramors got together and an argument started over a box of chili powder. It became so heated that the peace of the neighborhood was disturbed and the Sheriff and his force were called to the scene of action.

Brought before Justice of the Peace Fred E. Wortham, they each entered a plea of guilty to disturbing the peace and were fined $1.00 and costs, totalling $14.00. As officers started with the trio to jail one was heard to remark, "Me buy no more chili powder, comes too high."

J. C. McCullogh of Hereford paid a fine for being drunk Friday at the ball game.

20 From Wayside Ask That Hiway Be Hard Surfaced

A delegation of 20 Wayside citizens, together with a number of business men from Canyon, attended the meeting of the Commissioners Court Monday. It was asked that the highway two miles south of Ralph be extended to Wayside, and hard surfaced if possible.

This is a most direct route from Wayside to Canyon, connecting with No. 9.

Commissioners went over the route yesterday to see just what will be necessary in widening the road and making the improvements which are sought. An estimate of the expense is being compiled.

Mrs. W. L. Henry of Dallas visited her aunts, Mrs. W. F. Heller and Mrs. John Knight the past week end.

Mrs. Johnnie Price and Mrs. Clarence Herrington of Amarillo visited with Mrs. Levi Cole Tuesday.

Mr. and Mrs. Felix Pierce and daughter spent Saturday and Sunday in Floydada with Mrs. Pierce's parents.

THE EAGLE'S TALE

VOLUME NO. 8 CANYON, TEXAS NOVEMBER 16, 1933. NUMBER 10

To dear ole Canyon High:

Even though Hereford did beat them Eagles, even if the hole C. H. S. wuz disappointed, even tho the Eagles ain't district champs, they still need a hand, and you ought to give it to 'em.

Sech school spirit! I never seen a hole big school get behind any bunch like this school did them Eagle bunch. That mounted Eagle in the hall seemed to add to the fightin' spirit uv the team; the pep gals seemed to yell jist a little louder and meant every word they sed, every "Beat Hereford" tag really gave you a feeling of loyalty; Coach Jones' sketch of the Eagle wuz great, but the words printed under it, "Eagles, beat Hereford," wuz greater. The minds uv all C. H. S. students and ex-students were with them Eagles.

Then, when the game ended 0-0 in favor uv them Herefords, I felt like crying—but I never, cuz I felt like Hereford beat us fair and square, and the Eagles played a clean game, too. That's all, besides victory, that we could ask. But it's all over now; several uv the Eagles is played their last game uv football fer C. H. S., others have one er two more years to look forward to. I dread to see them senior Eagles leave. It's—but we can't make this occasion so sad—we'd better say it this way: The senior Eagles are goin' up to higher and bigger football.

To the others thet remain, keep up the fight next year, Beat Hereford, and Beat Happy!

Well, Hereford and Happy is both beat us, and now they is forced to play it out. So, on to victory Hereford!

Happy, Beat Hereford!
May the best man win.
Good-bye,
Cactus Cal.

Ex-Student Banquet Proves To Be Great Success

EXSTUDE BANQUET

Friday night, November 10, ex-students from over the Panhandle gathered in the high school gymnasium for their annual ex-student banquet, served by the Home Economics girls under the supervision of Fannie Sue Brasuel.

Lee Foster acted as toast master for the occasion. Mr. Carruth gave the welcome address, and Ogden Stroud gave the response. Florine Bowman, accompanied by Mrs. Lee Foster, sang an enjoyable number. Charles Donnell, another ex-student, read for the group.

One of the most important features of the banquet was the organization and election of officials for the coming year. Mrs. Harry Wood was elected president; Robert Black was chosen as vice-president; and Ann Smith was elected secretary-treasurer.

G. G. Foster Writes History of Public School Building

When Canyon was planned by L. G. Conner, the site for the school building was two blocks south of the public square.

The first school building was a one-room frame building, located west of the public square. Miss Emma Turner, sister of J. H. Turner, was the first teacher. This building was soon replaced by a large three room frame building with a school bell. In 1900 another large room was added. Entire salaries of paid teachers for the school year was $220.00 per month to four teachers, making an average salary of $55.00 per month.

In 1904 the first bond issue of $12.000 was put over, and a two-story, four-room building was erected. This was added to in 1909 by the building of four rooms on the west. This required a second bond issue of $10,000. This building housed the public schools of Canyon for a number of years.

About 1919 a bond issue of $100,000. was put over and the present high school building was erected at a cost of about $92,000. Later the old public school building was torn down, and in 1927 the new elementary building was erected.

Orchestra And Glee Club Receive New Music

The orchestra and glee club have received some new music.

The orchestra's books were compiled by Asher, whose books the band are already using.

The glee club has three new pieces.

Spanish Club Meets For First Time, 18 Present

The first meeting of the Spanish Club "El Circulo Castellano," took place Monday, Nov. 13, in the auditorium, where it will hold its regular meetings, the first Monday in each month.

After a brief program consisting of two songs in Spanish and one English song, "Silent Moon," sung by five Mexican children from the grade school, Juanito, Anita and Jose Martinez, Maria Gonzales, and Virginia Dorminquez, one little boy counted to twelve in Spanish. The club elected officers for the remaining school year; they were:

President, Freida Lourie; vice-president, Jack Oldham; secretary and treasurer, Gerald Dean Heath; pianist, Lee Christine Cousins, program chairman, Winnie Dee Hicks, reporter, Billie Bee Flesher.

The president then took charge of the meeting and the initiation of the new members. Katherine Hill, Sherman Higdon, Mavis Harden, Margaret Fulton, Evelyn Cox, Irene Mullins, Del Bagley, and Pauline Harris was begun. They were required to swallow a solution of pepper, salt and water, repeat the pledge or password, and sign the Constitution written on yellow paper in red pencil (the colors of El Circulo Castillano).

Debators Begin Active Work This Season

The debaters, under the direction of Mr. Terry, have begun work early this year. The question is, "Resolved: That the United States should adopt a system of radio control and regulation similar to that of Great Britain."

The squad, which consists of about twenty-two members, has been divided into teams and each team has been given the side on which to base his argument. The affirmative and negative sides have met in various homes, for the purpose of studying the question and writing speeches. One large meeting of all the debaters has been held.

The squad plans to debate Olton twice before Christmas and if possible debate Happy. Each person is trying his best to make the debate season for C. H. S. interesting and successful.

Ex-Students Have Chapel Program

The assembly program Friday, Nov. 10, was in charge of the ex-students. Mr. Carruth introduced the ex-students present. The program was in charge of Bob Black, a last year's graduate. The first thing on the program was a history of the ex-students association given by Zudie Mae Bible. The association was first organized in 1930. Its purpose is to try to encourage students to finish high school.

The next thing on the program was a tap dance by Bettye Sternenberg and Melva Gamewell.

Wilford Taylor Jr., gave a very inspiring pep talk.

The program was concluded by the assembly giving some pep yells and songs.

Football Schedule With Record

LEE FOSTER

Lee Foster of Canyon was president of the Canyon ex-students during the past year, and was toastmaster at the annual banquet of the organization.

Basketball Girls Order New Suits For the Season

The basketball girls under the direction of Ann Smith, have selected new basketball suits for the coming season. They are purple bloomers and purple blouses with a white "C" embroidered on the blouses.

Boners That Were Made By Students

One flustered high school student having waited as usual until the last minute to write the dreaded English theme, produced this noteworthy masterpiece.

"Any and probably every book Benjamin Franklin could obtain he eagerly and ravenishly devoured with a relish."

Even innocent first graders are guilty of very amusing errors. One very small young man who had been attempting to concoct a rhyme, sacriligiously labeled poetry, having reached the momentous decision that "cat" rhymed with "rat" dashed madly into the music room and halting abruptly in the middle of the floor breathlessly shouted, "Oh, Mrs. Barker, we're making poultry in our class."

It seems that even in public speeches "boners" cannot be avoided. One well-known student who was suffering slightly from stage fright, perhaps, announced in a solemn and momentous voice, "The people were very thickly populated" —with what, we wonder.

Thirteen C. H. S. Ex-Students On W. T. Honor Roll

Thirteen ex-students of Canyon High School were on the honor roll for the summer quarter, 1933, at West Texas State Teachers College. The figures following each name, in the list below, indicates the number of grade points:

Helen Cox 24, Gray Dean Foster 24, Ogden Stroud 22, Ben Guill 21, Flora Terry 20, Bill Brian 19, Irene Angel 18, Lilla Beth Burroughs 18, Dorothy Cash 18, Mrs. L. M. Cousins 18, Clarice Matthews 18, Laurene Alvord 17, Gwendolyn Black 17.

Future Eagle Squad of '34 In Practice

The Eagles, who so far, as is known will make the team of '34, worked together Monday and Tuesday. Some changes were made in the line-up. Chris Wooten was shifted from center to guard; Lester Clounch from quarterback to end, Roland Black from substitute to center, and a few minor changes took place to fill seniors' places and other vacant sections of the team.

Girl Scouts Have Party at Foster Home

The Sagebrush patrol entertained the Prairie Dog patrol, Wednesday evening, Nov. 10, at the home of Rubye Foster, the leader of the Sagebrush patrol. Various games were enjoyed and refreshments of sandwiches and hot tea were served to Billie Louise Greenfield, Dell Bagley, Mariella Oldham, Evelyn Cluck, Beulah Brasuel, Mary Ella Davis, and Rubye Foster.

Eagles Lose To Whitefaces In 0-0 Score

Playing before a record crowd the Canyon High School Eagles lost their bid for the section championship here last Friday by losing to the Hereford Whitefaces on one penetration after playing to a 0-0 deadlock.

The two teams were equally matched in every department of the game, and one team was never able to gain much advantage over the other.

Throughout the game the Eagles lived up to their reputation of playing clean hard football.

The wide end runs by Russell and Baker, Hereford backs, and the center and off tackle drives of Slack were the main features of the game, and tended to keep the fans in a constant frenzy of excitement.

The Whitefaces first threatened to score when Russell heaved a pass over the goal line into the arms of Baker, but Baker failed to make the catch and the ball went over.

The Hereford penetration came in the last minute of play when a Russell to Clayton pass was completed for 20 yards.

The game also featured a punting duel between T. V. Slack and L. B. Russell; Slack kicked 11 times for an average of 30 yards, while Russell kicked 9 times for 31 yards.

Third Year Home Ec. Girls Have Party Monday

Monday afternoon in the dining room of the Home Economics department, Patricia Wederbrook and Bobbie Jo Cheyne were hostesses to Miss Brasuel and members of the third year home economics class.

Refreshments of individual pumpkin pies, coffee, and peanuts, which were prepared by members of the class, were served. A color scheme of yellow and blue was carried out in the appointments of the dining room and in the nut cups and flowers.

To pass the social hour, jokes were told.

Many Ex-Students Attend Chapel

Canyon High School was visited Friday, October 9, the day of the Hereford game, by a large number of ex-students who also attended chapel. They were:

Bobby Campbell, Lucille Devault, Jack Cox, Maxine Middleton, Bill Williams, Joe Collins, Richard Gidden, Edwin Deltry, Olive Schramm, R. J. Burnam, Ogden Stroud, Brackden Haidman, Verline Furlow, Blanche West, Shirley Breitling, Jane Clark, Trannie May Russell, Irene Hicks, Bessie Blanton, Herbert Slack, Mrs. John Davis, Bob Black, Zudie Mae Bible, Wilford Taylor, Dixie Foster, Florine Bowman, Sybill Gidden, Mrs. Tommie Elliston, Lela Hickox, Wilma Harris, Mary Beth Campbell, Louise Wester, Ann Smith, Marjory White, Ruth McOwen, Helen Woods, Natalie Neal, Lenna Foster, Mrs. H. Davis, Ruth Smith, and Ethel Brasuel.

Assembly Schedule

Nov. 16—Medical Association.
Nov. 23—Thanksgiving program.
No. 30—Glee Club, assembly singing; Mrs. Barker.
Dec. 7—Book and Literary program, Goodrich, Jordan, Terry.
Dec. 14—Texas History program, Terry.
Dec. 21—Christmas program, Miss Angel.

Vernell Hancock, a former student here, who now resides in Hereford, spent the week-end with Tennia Dora Brooks.

Miss Lois Goodrich and Robbie Foster spent the week end at Camp Kiwanis, near Amarillo.

Mr. W. A. Warren Red Cross Head Speaks at Chapel

Monday afternoon a special assembly was called in which W. A. Warren, the head director of the American Red Cross of Canyon, talked to the student body on the national work of the Red Cross, an organization that is fifty-two years old, and the special drive that Canyon had planned. The main drive for Randall county was had Tuesday afternoon.

Mr. Warren especially stressed the point that all the money donated remains in the county except fifty cents per each member. The goal set for Canyon is one dollar for every family in town.

Mr. Warren told of the help that Forest Hill, Arkansas received from the Red Cross and also of the help of the Red Cross in the Southern floods. In conclusion Mr. Warren said, "We want Canyon to do her part."

Eight Janitors Have Served in High School

Although the janitors are not often mentioned in the history of the school, they play an outstanding part in its welfare.

Up until the high school building was built, one of the students in school was paid a small amount to keep the building clean and the coal and wood for the fires in the building. All of this was done before and after school hours.

When the high school building was built, Mr. Hale, now deceased, became janitor for the grade school and Henry Long for the high school.

Then Mr. Heffner, also deceased, became janitor, followed by Melvin Tucker and Mr. Goodjohn, who died while in service for the school. Mr. Merritt filled the vacancy left by Mr. Goodjohn.

Mr. Tucker and Mr. Merritt served in that position until two years ago when Mr. Kiker and Walter Kirkpatrick became janitors of the school.

Mr. Long is now working for the city and Melvin Tucker is now farming. Mr. Merritt is in south Texas.

Edgar Hutton spent the week-end in Clarendon.

In a Long Island woman's stomach doctors found 48 teaspoons, two bolts, a nail, a needle, a pencil and a piece of glass. Bet her husband knew what to do with his old razor blades.

Truth may be stronger than fiction, but a lot of people don't like to hear it.

SECOND SIX WEEKS GRADES

"It's a school with a spirit,
It's a school with a pep,
"It's a school with a loyalty."

But what kind of school would it be without good grades? The second six-weeks of school is nearly over, and the students of C. H. S. are beginning to think of the grades for the six weeks.

They are buckling down ready to raise a "B" to an "A" or to keep an "A." They are beginning to review for the coming six-weeks tests.

Everyone realizes that school is really in full swing. The chance to show who you are, what you are, and how much you can do, has come to every Canyon High School student.

The school yells for the football boys "to stay in there and fight,." Shouldn't it yell for the students "to stay in there and study" for good grades?

The majority of the students take only four subjects; that leaves one study hall a day in which to study; there is also a study period that may be used from three to four.

A husband usually doesn't have much peace of mind if he's continually getting a piece of his wife's mind.

True friendship is valuable in proportion to the quality of appreciation.

Life is full of golden opportunities, but they meet only those who seek them.

Fall Offers Many Opportunities for Delectable Dishes

Take advantage of fall fruits and vegetables when they come onto the market in abundance, is the advice of Inez S. Willson, home economist, and she suggests ways for combining and serving them with the main dish of the meal, the meat dish.

Pork Chops with Apple Rings

Have pork chops cut in at least 3-4 inch thick. Dredge with flour ond brown in a hot heavy frying-pan containing a little fat. Season with salt and pepper. Pare and core apples—there should be one apple for each two chops. Cut the apples into rings about 3-4 inch thick. Place 2 or 3 rings on top of each chop. Add a few tablespoons of water, cover closely, and cook in a moderately hot oven (350F.) for 45 minutes. Serve on aplatter with apple rings.

Whether it's beef, chicken, or pork you want, we always supply with the very best at fair prices.

Five Of Faculty Belong To P.G.M.

Social Science Honor Society Has High Purpose

Five members of the faculty of the West Texas State Teachers College are members of Pi Gamma Mu, the national social science honor society, which stands in relations to those as Phi Beta Kappa to the liberal arts, or Sigma Xi to the natural sciences.

Those who have been elected in this society are Dr. Angie Debo, in charge of the Panhandle-Plains Historical Society Museum; Miss Hattie M. Anderson, of the History Department; Professor S. H. Condron, head of the department of government and economics; Professor J. L. Duflot, head of the department of sociology. Mrs. Elizabeth Fry Page, student counselor for the Episcopal church, and a member of the campus group is also a member of the society.

Is Unusual Society

Pi Gamma Mu is an unusual society of its kind, inasmuch as it has no national ritual, and no secret features. It promotes no movements and fosters no reforms. It seeks, through its impact upon the minds of its members and through them upon other individuals to send back into society from the colleges young men and women who have caught the vision of scientific study and thought in application to society's problems, and keep them from being absorbed back into the prejudice and passion and social ignorance of the multitude, like the Indian who returns from school to his wigwam.

Key Shows Figure

The key, which is the emblem of Pi Gamma Mu membership, shows a tense human figure, bearing an upraised torch; the motto of the society is "Ye shall know the truth and the truth shall make you free"; its aim is cooperation in the scientific study of human problems.

For colors, the society which now has 103 chapters and 11,000 members, has chosen blue and white, and its flag is a blue and white checkerboard, the checks indicating the number and perplexity of human relationships. Blue symbolizes truth and loyalty, while the white stands for light and purity.

Only Two Flags Made

Only two of the flags of the organization have been made. One hangs in the office of the national president of the society, the other was carried by Admiral Richard Evelyn Byrd on his last Antarctic expedition. Admiral Byrd is one of the members-at-large of the society.

There are eight chapters of Pi Gamma Mu in Texas.

Three Little Coaches Who Should Be Afraid of the Big, Bad Alumni Are Sam Willaman, Harry Gamage, and Hunk Anderson

BY PHILIP MARTIN

IF this unusual season of football upsets continues along its present lines, there'll be a lot of gridiron coaches studying the want ad columns this winter.

Over-solicitous alumni of a bunch of colleges have set up their annual howl, crying for the scalps of their alma maters' mentors. And, in some cases, they're likely to get 'em.

One big rumble issues from the throats of Notre Dame alumni, calling for discharge of Coach "Hunk" Anderson. The roar has grown louder and more insistent with each defeat of the Fighting Irish.

So numerous have been the rumors that Hunk is to be ousted that one is inclined to swallow them. But whether Hunk deserves all this is a question. At least one thing is to be said in his favor. He has a sophomore team at the Irish institution this season.

He admits this fact and, besides, contends that his youngsters haven't been able to click as an Irish team should.

* * *

BUT among that crowd of sophomores are some who should shine for Notre Dame next year. There are three soph backs who stand out—Pilney, half; Mazziotti, quarter, and Elser, full. Jock Sutherland, after watching Elser tear his Pitt line to shreds this year, remarked that the big boy from Gary, Ind., may eclipse Jumping Joe Savoldi.

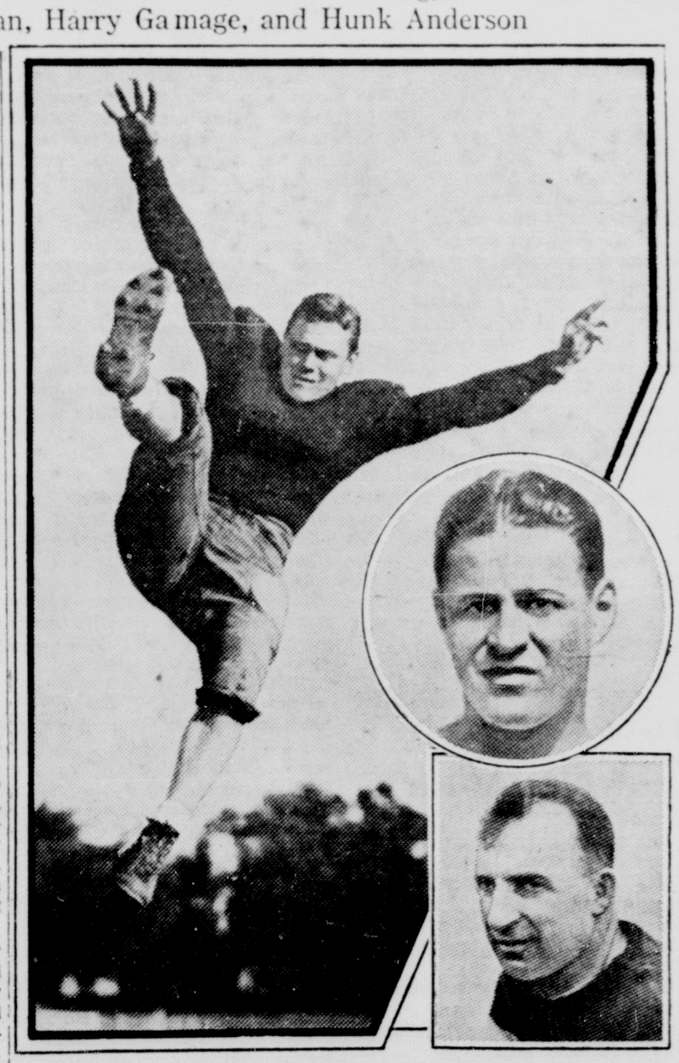
With such material as this ready to do or die next season, it would be tough for Hunk—but mighty sweet for his successor—should Notre Dame officials decide to replace Anderson.

There's talk of new coaches at two other schools this year. At one, Ohio State, chatter dragged out of the mothballs of last year and the year before again puts Sam Willaman on the spot.

Coach Willaman, it is pointed out, had this season probably the best bunch of material at Ohio in his career. The backs were big and strong; the line was the largest in the Big Ten; and the boys couldn't see how State could lose a game.

* * *

BUT after the Michigan game, which Ohio lost, the tomahawkers commenced their battlecry. The season was a dismal failure, they pointed out, because State failed to whip the Wolverines.



With the sensational work of Quarterback Ralph Kercheval, left, Kentucky ought to win more games than it has been doing, it is contended. For that reason, Coach Harry Gamage, above, right, is on the pan. And Michigan's defeat of Ohio State has revived the old campaign to oust Coach Sam Willaman, below, right.

Since when is one game an entire season? True, the Michigan game was the big one on Ohio's schedule, but before that game the Buckeye lads didn't lose a contest. If the loss of one game is to measure the success or failure of a football season, then things have come to a sorry pass.

The other school at which a new coach is forecast for 1934 is Kentucky. Harry Gamage is mentor there now. The boys who received Kentucky sheepskins are ready to launch their campaign to oust Harry, claiming that with such a brilliant quarter as Ralph Kercheval they ought to win more ball games.

The theory that one gridder makes a team seems just about as logical as the contention of Ohio State critics that the loss of one game makes the season a failure.

Call off the dogs, boys!

Why Get Up Nights?

Lax the Bladder With Juniper Oil, Buchu, Etc.

Drive out the impurities and excess acids that cause irritation, buhning and frequent desire. Juniper oil is pleasant to take in the form of BUKETS, the bladder laxative, also containing Buchu leaves, etc. Works on the bladder similar to castor oil on the bowels. Get a 25c box from any drug store. After four days if not relieved of "getting up nights" go back and get your money. If you are bothered with backache or leg pains caused from bladder disorders you are bound to feel better after this cleansing and you get your regular sleep. City Pharmacy says Bukets is a best seller.

All administrators and guardians must have an order from the court giving them authority to make a contract. If their appointment given by the court does not give them this authority, they will have to get a special order from the court to this effect.

A signature of an agent acting for another must be accompanied by proof that such agent is authorized to act in such capacity. Such proof may be in the form of an affidavit of the principle, power of attorney, or, in the case of a trustee, a certified copy of the court order.

Women must sign with their given names as "Mary A. Brown" and not in the initials of their husbands.

Women who sign as "Mrs." must indicate whether a widow. If a woman signing is not a widow she must be joined by her husband.

If all those who must have authority in writing to sign for others will provide this before the day for signing the contracts it will be a great help to the committee and will reduce the time required to finish up the wheat contracts.

If landlord and tenant will appear at the same time it will be a great help.

Buffaloes Will Go to Las Vegas For Game on Saturday

Taking the road again, the West Texas Bison Herd will journey to Las Vegas this week to tackle the New Mexico Normal College squad.

The Buffaloes are in good shape, with the exception of Captain "Cow" Williams, who is out for the season due to a lacerated ear. Coach Baggett will have several days to drill his backfield to fill this gap which showed up against the New Mexico Military Cadets in Amarillo Armistice Day.

Blood In Eye

Fresh from a row of defeats, the Buffs will have two reasons to have blood in their eye. They will be anxious to avenge their defeat by the Cadets on the fellow New Mexico team, and they will be out to break their losing streak. If it is to be broken, this game will tell it, for the Las Vegas trip marks the next to the last game in which the Herd will participate this year.

Although we have received no "dope" from the Normal College, the Buffaloes are sure to have to untangle their feet to take the Sunshine products to a cleaning.

File of Magazine Since 1902 Given College Library

Mrs. C. R. Burrow has just presented the library of the College a file of the Ladies Home Journal from 1902 to the present time.

This is a very valuable gift to the library for this magazine is and has been for many years one of the most influential in the United States. Its articles are listed in the Reader's Guide, monthly index to periodicals.

The journal files contain valuable articles on politics, economics, home economics, fashions, religion, and ethics, as well as many biographical sketches which are especially valuable in showing the lives of men and women who were shaping opinion in the United States during the last thirty years.

Early Days in Panhandle Were Spice of Life

"And the joy when that good man Arbuckle invented browned coffee in packages." These words written by Mrs. Clara McCrea, who came from England to the Panhandle in 1879 to join her brother J. H. Cator, call to mind the many difficulties which beset those who built the first permanent homes in the north Panhandle.

Clara, or "Dad" Cator, as she was called by her family, was an excellent horsewoman and possessed a superb physique. She was fifteen when her brothers, Jim and Bob sailed away from England with finally the Texas Panhandle as their destination. The voyage, the long journey overland, and the letters which the young men wrote home fired her imagination, and at 23 she and a younger brother, "Puffer," and a friend, Miss Ludlow, joined the brothers at the camp on north Palo Duro.

Mrs. McCrea, who now lives in California, has just written to Dr. Angie Debo of the Panhandle-Plains Historical Society, "I look back to those early days in Texas as very happy ones; the love for my horses, the joy of riding over the vast prairies free of restraint, the excitement of racing after buffalo and antelope on my beautiful mustang, Dick, was pleasure enough to me.

"Truly those early Panhandle days were to me the very spice of life," she writes, and then recalls that there were very real trials for the English girl who was trying to make a home for her brother on the farthest edge of the frontier. She had to learn to use tin plates, coffee had to be roasted and she says, "It was such a hardship to brown the green coffee."

There were new foods to grow accustomed to, for Mrs. McCrea writes, "And then bean soup! I had never seen or eaten dried beans. Indeed bean soup in those days was a nightmare. And my first doughnuts, made dear old Bill, the mule, sick! The horrid things were too short and sweet."

Accustomed to the long, long twilights of England, it was hard for Clara to realize that when the sun was down, it was night, and that it was dangerous for her to ride late. She relates, too, that she received many scoldings for racing her brother's cow horses, and that the cowboys told her wild tales, and that she could not tell which were true and which false.

Looking back across the fifty-four years that have gone since she arrived in what is now Hansford County, Mrs. McCrea says, "Yes, I had my troubles as well as pleasures! All this seems foolish now, but was in those days very serious. . . Few in these advanced times can understand or sympathize with those early trials."

In a few years after she took charge of the home of her brothers, Jim and Bob, Clara Cator became the wife of Clayton McCrea, who had taught the first school at the old town of Tascosa. Her companion, Miss Ludlow had married Bob Cator within the year after coming to Texas, the two women apparently being the first white women to establish permanent homes in the Panhandle north of the Canadian river. With the other brother, J. H. Cator, who married his English sweetheart, Miss Edith Land, in 1887, their families began building the foundations for the agricultural and cultural growth which has since made Hansford county a leader in the extreme north section of Texas.

Mr. and Mrs. A. S. Richardson went to Pampa Saturday.

Mrs. J. D. Key visited her sister in Mexia last week.

Mr. and Mrs. R. J. Spencer visited her parents in Hereford over the Armistice holidays.

Miss Sadie Kate Bass returned from College Station Tuesday.

Monday To Start Second Half Split Semester at W. T.

Only one day, Monday, November 20, will be devoted to registration for the Second Split Semester which opens at the West Texas State Teachers College on that date. Classes will be met regularly Tuesday as scheduled in the second nine weeks program. Students who have not done so are urged to begin now planning their programs in order to facilitate the business of enrollment.

This enrollment marks the second step in that unique experiment which is being tried by the West Texas State Teachers College and which so far has met with noteworthy success in point of enrollment and in satisfaction created among the students, many of whom are depending wholly on this new plan to see them through college.

Expect Large Increase

Basing their calculations on the success of the first Split Semester and upon the hundreds of inquiries that are pouring into the administrative offices regarding the beginning of the Second Nine Weeks term on November 20, college authorities are of the opinion that the next few weeks will see a phenomenal increase in the number of young people who are selecting W. T. for their alma mater.

Recent reports from the registrar's office point out that many are coming to college next week who would have been unable to come had the college opened on the straight semester basis. Reports from other offices emphasize this fact.

Fees Only $16.50

By means of the Split Semester plan students are able to pay $16:50 or half their semester fees at each enrollment, enrolling twice each semester instead of once. The above amount covers all tuition fees, nurses service, lyceum and athletics for nine weeks.

About Indians Dr. Angie Debo Writes Article

An historical article on the "McKenzie Campaign Against the Indians," by Dr. Angie Debo, curator of the Panhandle-Plains Historical Society Museum, appeared in the Sunday edition of the Amarillo Daily News.

C.C.C. CAMP NEWS

(By Nugent L. Lowrey)
Company 1828

Among the interesting features of the Veterans' Camp at Palo Duro Canyon is the Company Exchange. This term is probably without much meaning to the average outsider. The Company Exchange (also often refered to as Company "Canteen") is the small place of business that sells tobaccos, cigarettes, drinks, toilet articles, matches, candies and various little necessities required by the men. Each of the three Companies has one of these little places in operation, and visitors to the Camp already know that they too are entitled to buy; in fact, their patronage is highly appreciated, and courtesy, along with good service and good, clean merchandise goes with each sale made.

One cannot get much knowledge of these Exchanges by merely passing by or even by making a purchase. There is much on the inside, as to methods of performance, ownership, profits, and purchases. To each place is assigned an officer who is Company Exchange Officer, and a member of the Company, who is Company Exchange Steward. The former is a thorough business man, who must know how to manage the operation; in other words, he is the executive. The latter must be alert, courteous, agreeable to all customers, whether men of the Camp or outside citizens, must be honest and must know his merchandise so well that he can place his hand on any item immediately that it is called for.

As to personnel: In Company 1824 Captain A. M. Erskine is Exchange Officer, with L. W. Graham as Steward; in Company 1829, Captain J. J. Hansey is Exchange Officer, with L. M. Butler as Steward; and in Company 1828, Captain Charles D. Apple is Exchange Officer, with the writer as Steward.

Although the methods of operation are virtually the same, each of the three Exchanges function separately and distinctly, and in accordance with the ideas and management of the Exchange Officer. Profits are secondary, and merchandise is sold with the primary purpose of keeping the men supplied with daily wants. Sales in large quantity are not sought, as it is desired to make distribution among the entire membership, so that only an average amount of stock is kept. Purchases can be made daily, if necessary, from wholesale houses, as a truck goes into Canyon and Amarillo daily to attend to various pieces of business. The ownership is Company, and the profits go directly for the benefit of the men of the Company, usually going into the Rations Account to provide extra food items that do not appear on the regular menu. In Company 1824, dishes were recently bought out of the profits, and ice cream was bought several times; in Company 1829, extra food has been purchased, and a big Thanksgiving special dinner is to be served out of the profits; in Company 1828, thirty dollars worth of furniture for the recreation room was bought out of the profits, in addition to providing some extras on the bill of fare. Also, out of the profits comes a little extra money added to pay of the steward, who, in each case, does considerable bookkeeping and clerical work for the Company, as well as clerking in the Exchange. Business hours are made to conform to those hours when the men are in camp from the working project, and when they are at work, the Exchange is closed, so that the steward may attend to other clerical duties of the Company, or do personal chores. There is a splendid co-operation in all three Companies between Exchange Officers and Stewards, and it is also gratifying the way the men make purchases in a cheerful manner, realizing that the business is in reality a co-operative system, in that the members as a whole derive from the profits.

Some changes in Officer personnel have taken place recently. In Company 1829, Captain J. J. Hansey is Commanding Officer, having relieved Captain N. E. McCluer who has returned to his battery at Fort Sam Houston to 115th Field Artillery. Captain J. E. Cardwell is Supply and Transportation Officer, while Lt. Johnson is Mess Officer.

Captain Gus Ramage, the new Camp Chaplain, is to be in charge of programs of entertainment in the new Recreation Building, and has assured the men of some excellent variety programs. The opening night will hold some pleasant surprises, and it will be announced later, so that a large crowd will be expected.

The progress of the barracks has been so good, that half of the men of the Camp moved into the wooden buildings on Monday of this week, while the other half will be out of the tents and into the barracks by Saturday.
